STRATHMORE, ALBERTA, DECEMBER 21st, 1921

ATTEND U.F.A. MEETINGS

As will be noted in our advertising columns, Strathmore U.F.A. are holding their annual meeting for election of officers for the forthcoming year, on Saturday, and other local throughout the Province will be holding their elections during the present month.

The results of the Provincial and Dominion Elections held this year show the farmers of the United Farmers, even with the present somewhat loose organization, and are an example of what can be done if the farmers as a body will only pull together. There are many farmers outside the ranks of the U.F.A. This is what it should be, in the interests of the U.F.A., of the farmers themselves, or of the community as a whole.

There is no value in criticism that is merely destructive, and if the U.F.A. comprised all the farmers of the Province, it would be an even greater power for good than it is now. As the sponsors of the present Alberta Government, a great responsibility lies with the U.F.A. and to ensure good and efficient Government, it is important that the U.F.A. Locals should comprise in their membership the great majority of the farmers in their districts and that the members should attend the meetings regularly. It is especially important that on such occasions as the election of officers, the members should be out in full strength. The complaint has been made that some Locals run by extremists. There would be no ground for this if the members would attend the meetings, for the farmer as a type is not revolutionary in his views.

Improved economic and social conditions, of which there is no doubt we stand greatly in need, can only be effected by the co-operation of all individuals in the community, and the U.F.A. is an excellent means for the farming section of the community to exercise co-operation.

Nightingale Dubbs

Strathmore is to have the pleasure of a visit on Friday evening, December 26, from a combination of Nightingale Amateurs, travelling under the euphonious title of "Nightingale Dubbs" and they will present the play "Dearest Dubbs".

These amateurs have already shown in Nightingale and Rockyford, and have played and audiences exceed many.

We trust that the Strathmore people will turn out in large numbers. Amateur talent should always be encouraged. The prices charged for admission are very reasonable.

Details will be found in our advertising columns.

PLAN ON WINNING LINES

More and more people are coming to regulate their shopping by the store. More and more people are coming out of the habit of going to the "nearest place" or to the place they usually visited for their purchases. More and more people understand and believe that when you have a bargain to offer you will advertise it adequately and that when you do not advertise at all it is because you have not, at any time, anything to advertise. More and more people are coming to decide things from reading the ads—and depend upon the news and the facts contained in the ads, for guidance in planning purchases.

Most and more people are coming to understand that only enterprising merchants advertise adequately and in form, and—more and more—the people are coming to realize that only enterprising merchants deserve and should receive support, that nature otherwise bestowed is likely to encourage non-progressiveness in merchants.

Most and more people are coming to discriminate against stores that do not advertise enterprisingly, persistently, aggressively; for they realize that such stores are not up-to-date, and are the sort that will keep business in the van of live places, of awake communities.

More in the coming months than ever before will your advertising be the test by which all else shall stand or fall—so plan it liberally, plan it on winning lines.

—Mail, Bannock

PRINTER BILL

We have a printer in our town who always has a welcome smile; he calls his customers his friends and seems to think they're worth the while. So when I want to hear the news, I wander down the shady street, and call on Bill the local print, and jaw about the price of wheat. Sometimes when Bill is in the plant to lend a hand at plugging type, I wander round behind the press and watch the rattling linotype. One time when I was near the press, I got some ink upon my shirt, and with a scowl at Bill, I said, "It is the meanest kind of dirt."

I cannot stand the greasy mess; it makes my sweater always rough when I go tramping home at times, all daubed up with the filthy stuff. "Somebody," said Bill, "you've got it wrong; look rather at its comely face; it is the mightiest force that lives, it chased oppression from the faces of our forefathers. In its wake, from tyrant hand it tears the crown, it plays a noble part in life. No honest man need fear its frown. Even on your shirt you'll find that Printer's Ink is no disgrace; the things that men do villify are often blazoned out of place." And so, when I am full of gloom and evil at my humble worth, I think of lowly Printer's Ink that stands supreme for good on earth.

Frederickton, N.B.—The potato field of the Province of New Brunswick for 1921 is estimated to be 2163 bushels per acre, the highest in years and higher than any other province in the Dominion, according to the Provincial Department of Agriculture. Prince Edward Island is said to be second with an average here yield of 2015 bushels.

Charlottetown, P.E.I.—Twenty choice silver faxes were taken to Norway by Howard MacKendrick, who proposes to establish the silver fox industry in that country. Recent shipments of foxes have gone to United States, England, Japan, Switzerland, Russia and other countries.

Dumfries—The coal mines in the vicinity are working to capacity and deliveries are made in production. On one day last week 225 cars, containing 5,600 tons of coal were dispatched, surpassing by 47 cars last year's record day. Before the winter is over it is confidently expected that an average of 250 cars per day will be reached.

Amateur Concert

—o—

Strathmore amateurs produced on Friday evening the comedy play "When Smith Stopped Out." There was not a very large attendance, probably in view of the fact that the weather conditions were somewhat unsettled, and that there have been so many public events in the past few weeks.

The limited or poor means which comprised the audience were, however, treated to a very excellent production, and one that reflects great credit on the amateurs.

The cast comprised Mrs. D. French, Miss A. James, E. Fairlie, and E. Price, Messrs G. H. Vickers, L. B. H. Lohmuth, C. E. H. Lohmuth, and H. D. Price. We do not intend to single out any of the actors for individual mention. They all performed their various parts well.

The low scenery and lighting effects on the Memorial Hall stage which were used for the first time looked well, and would very satisfactorily.

U.S. Irrigationists Meet

to the convention by the number of Canadian irrigationists present, and the laws of both countries relating to irrigation practice were compared.

At the luncheon given on the opening day by the Great Falls Advertising Club, the toast to the King was declined in the list out of courtesy to the visiting Canadian.

Those who attended from Alberta were V. Meek, commissioner of Irrigation for Alberta; A. S. Dowson, A.

Griffin and R. S. Stockton, C.P.R. Department of Natural Resources; and Wm. Pearce, of Calgary.

Ottawa, Ont.—Since the signing of the Armistice 1742 new branchlines have been opened by Canadian banks and 214 closed, leaving a net increase of 1528. Canadian banks have over 1,500 branches at home, and 200 in other countries.

Turner News

The dance given by Mr. R. Allen last Tuesday evening was largely attended and enjoyed by all. Among those present were Mr. and Mrs. McKibbin, of Calgary, Mr. and Mrs. Stewart, and family, of Dalhousie.

Several of our residents have left the district for the Christmas holidays, and we extend our best wishes Year.

for a happy Christmas to them.

Mr. and Mrs. Fraser and family are leaving for the East on a holiday. Miss Fitchard is spending a few days in the city.

It is reported, Mr. Chas. Cowell has caught a coon in his sheep corral. We hear Mr. and Mrs. McNouch are moving to Fraserburg for their health.

To one and all we wish a very happy Christmas and a prosperous New Year.

Encouraging Hog Breeding In Alberta

Province Takes Action

An important meeting of breeders, packers and officials of the Department of Agriculture, was held in Ottawa early in November. This meeting discussed the advisability of encouraging bacon hog production in Canada and arrived at certain conclusions as to the best methods of giving the necessary encouragement.

It was agreed by all those present to commence at once to establish the bacon hog industry on a sound basis. To accomplish this, it was the unanimous opinion that all hogs must be bought and sold on a graded basis and that a substantial premium be paid for select bacon hogs. In the discussion at the above named conference, several of those present emphasized the fact that the Canadian market at the present time would pay a premium for the smooth, thick hog and in one case it was stated that a certain market would pay a premium for heavy sows. All were agreed that when the Dominion of Canada arrived at a place where a surplus of hogs is produced, that the bacon hog was the one type for which there was an unlimited demand at the highest prices in the British market.

For many years the Canadian bacon hog has been able to compete on the British market with the best hogs from other parts of the world. In order to hold this trade which has been so well established, it is necessary that Canada supply a steady volume.

The conference emphasized the importance of all the packers in Canada recognizing themselves publicly to the fact that they are firmly behind the movement for the production of bacon hogs. The packers readily agreed to this and in order that an appeal could be made to farmers generally, all the packers present stated: 1. That they would pay 10 per cent. more for back from neck to tail, evenly fleshed, grade 2. That the following grades of hogs should apply at public stock yards and abattoirs—

Select Bacon Hogs
Jowl and shoulder light and smooth the select bacon hogs than the next red, side long, medium depth, drooping straight from back, ham full good general finish, no excess fat, weight 160 to 210 pounds.

Thick Sows with Hogs
Not conforming to Whitehead standard but of smooth fleshing finish, weight 160 to 210 pounds.

Heavy
Any type of smooth fleshing finish, weight 210 to 260 pounds.

Extra Heavies
Ditto weight over 260 pounds.

Shop Hogs
Any type of smooth conformation, finished, weight 120 to 160 pounds.

Lights and Feeders
Any type of smooth conformation, unfinished, weight 160 and under.

Roughs
Of rough conformation, any weight.

Sows
All females that have raised one or more litters. 1. Sows of smooth finish and smooth underline up to 350 pounds. 2. All other sows.

Stags
Hogs that have been castrated and are well healed before being offered for sale.

3. That all hogs should be bought and sold on a graded basis at public stock yards and at abattoirs. 4. That official graders be provided by the Dominion Department of Agriculture at all public stock yards and abattoirs and that these men be used as referees in case of dispute between the producer and seller as to grade.

5. That a committee be established composed of representatives from the Dominion Department of Agriculture, from the packers, and from the producers, to confer with the various interests concerned in working out the details of the above plan.

The Provincial Department of Agriculture believes that the decisions arrived at will meet with the general approval of the farmers of the province and would ask for their assistance and co-operation. Many farmers have already given assurance of their support.

During the course of the winter, the department proposes to hold a series of meetings where the whole matter will be discussed with farmers who attend. In all probability demonstrations will be given in bacon hogs and in the finished products.

GEORGE HOADLEY,
Minister of Agriculture

STRATHMORE'S DEPARTMENTAL STORE

KEOMA ITEMS

The annual meeting of the Keoma Local U.P.A. was held in the hall on the 10th of December for electing officers for 1922. The officers elected were: President—Mr. R. Williams, Secretary—Mr. R. Williams, Treasurer—Mr. R. Williams. The next meeting will be held on the first Saturday in January, at 8 o'clock in the afternoon.

The Strathmore farm just north of town is being farmed by Mr. B. A. Allen, but was sold recently to Mr. A. W. Widdie, of Nanaimo. It is known to be one of the best farms in the district.

Mrs. G. Honeyman and family are spending a few weeks with her mother at Pincher Creek.

Mr. R. Kompton is home again after a severe illness.

Edmonton, Alta.—In the past two years the number of poultry in Alberta has increased from two and a half million to four and a quarter million, nearly one hundred per cent, according to the provincial Minister of Agriculture. Formerly the local market consumed practically the entire production, but at the present time a ready export trade of eggs to Great Britain is being built up.

Edmonton, Alta.—A new market for Alberta coal will be opened up by negotiations now under way between the Alberta Government and the Vancouver Harbor Commission are carried out successfully. The latter are now considering the construction of an extensive dock, in which coal will be stored from the mines of the province for bunkering steamers and other purposes. A similar scheme is proposed for Prince Rupert to serve the northern coast.

GASOLINE ACCIDENT

Mr. Jack McLean, Chetiv, is at present in Strathmore Hospital as a result of having his hands badly burnt in a gasoline explosion.

He was engaged in trying to start an engine in the basement of his home at the time.

Galaxy, Alta.—One night last week thirty healthy hunky boys and girls from Alberta farms were guests of honor at a dinner. They were the winners in the baby beef, holly leaf and pie feeding contests held at the Galaxy Winter Fair. Everyone of these guests had entered a calf, lamb or pig, raised by themselves, and many had won valuable prizes with their young exhibits.

The Municipality of Reddington has won first prize in the Provincial Good Roads Competition, with a strip of road five miles long between Calgary and Calgary.

Notings

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are accepted by the Standard, Phone 17 or 18.

Mr. A. H. Rose, writer returning from Vancouver, says that "it is not to get far news of the old town." There is quite an air about in Peace River at the present time.

Mr. John A. McDonald, at one time C.P.R. station agent at Strathmore, and afterwards at Calgary and Leadville, has been transferred to Carbon, Alberta. Mac was held in very high regard by the citizens of Leadville, and on the eve of his departure was entertained to a banquet of about fifty of the local business men, and presented with an address and an automobile by the city.

Mr. E. DeBour's fine clocking sale and clearance, as well as new furniture on lower price of the day.

Berta Vale School are holding their annual Xmas tree and entertainment on December 27.

The installation of officers of Strathmore Masonic Lodge will take place on Tuesday evening next.

Poster pretty nearly reached the limit when he predicted a storm and cold spell for the 19th. It was not much on Monday morning to verify the most exciting.

Mr. G. H. Brown, Superintendent of Animal Industry Department of the Department of Natural Resources, has returned to his home in the Western Canada Livestock Station on December 11th.
